## **Burrell Smallcap Midcaps and Resources Trust**

### **Directors' Report**

**30 June 2022**

The directors of Burrell Securities Limited, the Responsible Entity of the Burrell Smallcaps Midcaps and Resources Trust, ('BSMaRT' or 'the Scheme') (ARSN 600 185 500), present their annual report, together with the financial statements of the Burrell Smallcaps Midcaps and Resources Trust for the financial ended 30 June 2022.

#### **The Scheme**

The Scheme was registered on 2 July 2014 and a Product Disclosure Statement was issued on 9 December 2014 to raise funds from retail investors.

#### **Responsible Entity**

Burrell Securities Limited (ABN 92 083 535 031 )(the 'Responsible Entity') is an unlisted public company incorporated under the Corporations Act 2001 and holds an Australian Financial Services License, No. 381 667.

#### **Directors**

The following persons were directors of Burrell Securities Limited during the whole of the financial year and up to the date of this report, unless otherwise stated:

Roger J Burrell

Christopher T Burrell

Gregory J Vickery

Steven Pritchard (Appointed: 17 November 2021)

Frank J Finn (Retired: 17 November 2021)

#### **Company Secretary**

Ian F Davey

Saskia R Jo (Appointed: 17 November 2021)

#### **Service Providers**

The service providers during or since the end of the year are:

<b>Service Type</b>	<b>Service</b>
Responsible Entity	Burrell Securities Limited
Custodian	Burrell & Co Holdings Pty Ltd
Investment Manager	Burrell Stockbroking Pty Ltd
Auditor	PKF Brisbane Audit

#### **Principal Activities**

The Scheme is a registered managed investment scheme domiciled in Australia. The principal activity of the Scheme is to invest unit holder's funds in domestic companies, trusts, managed funds, exchange traded indexes and exchange traded funds, which have sufficient smallcap, midcap or resource exposure.

There has been no significant change in the type of investing activities of the Scheme during the financial year.

The primary objective of the Scheme is to provide returns to unit holders from distributions and capital growth.

The Scheme did not have any employees during the year.

**Burrell Smallcap Midcaps and Resources Trust**  
**Directors' Report (continued)**  
**30 June 2022**

**Distributions**

Distributions paid or provided for during the financial year were as follows:

**Final distribution**

	<b>2022</b>	<b>2021</b>
	<b>\$</b>	<b>\$</b>
Final distribution paid or payable	-	-
Year ended	30/06/2022	30/06/2021
Cents per unit	.00 ¢	.00 ¢
Date paid or provided for	n/a	n/a

**Interim distribution**

	<b>2022</b>	<b>2021</b>
	<b>\$</b>	<b>\$</b>
Interim distribution paid	58,237	30,859
Half-year ended	31/12/2021	31/12/2020
Cents per unit	2.08 ¢	1.11 ¢
Date paid or provided for	6/04/2022	15/04/2021

**Results**

The results of the operations of the Scheme are disclosed in the Statement of profit or loss and other comprehensive income.

	<b>2022</b>	<b>2021</b>
Profit attributable to the unit holders for the financial year	39,852	7,796

**Review of operations**

The ASX Small Ordinaries Index was sold off strongly as investor sentiment turned negative on the back of interest rate rises. Some of the hardest hit in the second half of the year were smaller cap resource companies as commodity prices retreated on the threat of a global recession. Within the sector however, there are companies which traded at cheaper valuations that have strong balance sheets and pricing power that pay solid fully franked dividends.

As a result of pivoting towards these aforementioned companies, the Burrell Small-cap & Resources Trust outperformed the benchmark by over 15%.

**Performance Outcomes**

**Net Return**

The net return to unitholders for the financial year ended 30 June 2022 was -2.26% (2021: 41.17%). This 'net return' is not directly comparable to publicly reported unit price or accumulation indices because it is after costs have been deducted for managing and administering the portfolio and the Scheme.

**Burrell Smallcap Midcaps and Resources Trust**  
**Directors' Report (continued)**  
**30 June 2022**

**Gross Returns**

For comparative purposes we benchmark the investment portfolio against the S&P/ASX Small Ords Accumulation Index.

The performances of the investment portfolio for the financial year ended 30 June 2022 and the comparative prior period are as follows:

	<b>30-Jun-22</b>	<b>30-Jun-21</b>
	<b>%</b>	<b>%</b>
Burrell Smallcaps Midcaps and Resources Trust	(2.9)	49.1
S&P/ASX Small Ords Accumulation Index	(19.5)	33.2

The Scheme's investments by industry sector were:

	<b>30-Jun-22</b>	<b>30-Jun-21</b>
	<b>%</b>	<b>%</b>
Energy	13.5	22.8
Materials	17.6	14.0
Industrials	4.9	1.7
Consumer discretionary	16.9	12.1
Consumer staples	14.6	7.0
Financials	18.1	15.0
Managed funds and LICs	1.0	2.7
Real estate	2.9	1.4
Information technology, Utilities & Telecomms	6.0	12.5
Health care	2.5	1.4
Cash & cash equivalents	2.0	9.4

Securities representing 5% or more of the investments in the portfolio as at 30 June 2022 were:

	<b>30-Jun-22</b>	<b>30-Jun-21</b>
	<b>% of portfolio</b>	<b>% of portfolio</b>
Santos Limited	5.4	-
Over the Wire Holdings Limited	-	6.4
Bank of Queensland Limited	-	5.7

**Management costs**

The Scheme's Indirect Cost Ratio (ICR) is as follows:

	<b>30-Jun-22</b>	<b>30-Jun-21</b>
Ratio of indirect costs to total average net assets	<u>1.7%</u>	<u>1.6%</u>

The ICR for the Scheme is the ratio of the Scheme's management costs, that are not deducted directly from the investor's account, to the Scheme's total average net assets.

**Net Asset Value per Unit**

The Scheme administrator calculates the net asset value of the Scheme's units on each Friday as at the close of business on the previous day.

	<b>30-Jun-22</b>	<b>30-Jun-21</b>
Ex distribution net asset value per unit for the Scheme	<u>\$0.81</u>	<u>\$0.85</u>

The net asset value per unit is determined by the value of the assets of the Scheme, (adjusted for estimated transaction costs), less its liabilities, divided by the number of units on issue.

**Burrell Smallcap Midcaps and Resources Trust**  
**Directors' Report (continued)**  
**30 June 2022**

**Significant changes in the state of affairs**

There were no significant changes in the state of affairs of the Scheme during the financial year.

**Matters subsequent to the end of the financial year**

Waves of COVID-19 infection continue to occur and while it has been financially neutral for the entity up to 30 June 2022, it is not practicable to estimate the potential impact, positive or negative, after the reporting date.

No other matter or circumstance has arisen since 30 June 2022 that has significantly affected, or may significantly affect the Scheme's operations, the results of those operations, or the Scheme's state of affairs in future financial years.

**Options granted**

No options were:

- i. Granted over unissued units in the Scheme during the year or since the end of the financial year; or
- ii. Granted to the Responsible Entity.

No unissued units in the Scheme were under option as at the date on which this report was made.

No units were issued in the Scheme during or since the end of the financial year as a result of the exercise of an option over unissued units in the Scheme.

**Likely developments and expected results of operations**

There is no information on the likely developments in the operations of the Scheme and the expected results of operations that have not been included in this report.

**Environmental regulation**

The Scheme is not subject to any significant environmental regulation under Australian Commonwealth or State law.

**Information on the directors of the Responsible Entity**

<b>Name:</b>	<b>Roger J Burrell</b>

**Burrell Smallcap Midcaps and Resources Trust**  
**Directors' Report (continued)**  
**30 June 2022**

**Meetings of directors**

The number of meetings of the Responsible entity's Board of Directors held during the year ended 30 June 2022, and the number of meetings attended by each director was:

	Full Board	
	Held	Attended
Roger J Burrell	4	4
Christopher T Burrell	4	4
Gregory J Vickery	4	4
Steven Pritchard	3	3
Frank J Finn	2	-

**Indemnity and insurance of officers**

The Responsible Entity has indemnified the directors, secretary and executives of the Responsible Entity for costs incurred, in their capacity as a director, secretary or executive, for which they may be held personally liable, except where there is lack of good faith.

During the financial year, the company paid a premium in respect of a contract to insure the directors and executives of the Responsible Entity against a liability to the extent permitted by the Corporations Act 2001. The contract of insurance prohibits disclosure of the nature of the liability and the amount of the premium.

**Indemnity and insurance of auditor**

The Responsible Entity has not, during or since the end of the financial year, indemnified or agreed to indemnify the auditor of the Responsible Entity or any related entity against a liability incurred by the auditor.

During the financial year, the Responsible Entity has not paid a premium in respect of a contract to insure the auditor of the Responsible Entity or any related party.

**Proceedings of behalf of the Responsible Entity**

No person has applied to the Court under section 237 of the Corporations Act 2001 for leave to bring proceedings on behalf of the Responsible Entity, or to intervene in any proceedings to the Responsible Entity is a party for the purpose of taking responsibility on behalf of the Responsible Entity for all or part of those proceedings.

**Non-audit services**

There were no non-audit services provided during the financial year by the auditor.

**Officers of the Responsible Entity who are former audit partners of PKF Brisbane Audit**

There are no officers of the Responsible Entity who are former audit partners of PKF Brisbane Audit.

**Auditor's independence declaration**

A copy of the auditor's independence declaration as required under section 307C of the Corporations Act 2001 is set out on page 9.

**Auditor**

PKF Brisbane Audit continues in office in accordance with section 327 of the Corporations Act 2001.

**Burrell Smallcap Midcaps and Resources Trust**  
**Directors' Report (continued)**  
**30 June 2022**

This report is made in accordance with a resolution of directors, pursuant to section 298 (2) (a) of the Corporations Act 2001.

On behalf of the directors

  
**Gregory J Vickery**  
Chairman  
**Christopher T Burrell**  
Director

**Burrell Smallcaps Midcaps and Resources Trust**  
**Notes to the financial statements**  
**30 June 2022**

**Note 1. General information**

The Burrell Smallcaps Midcaps and Resources Trust (the Scheme) is a registered managed investment scheme domiciled in Australia. The address of its registered office and principal place of business are disclosed in the introduction to the annual report. The principal activity of the Scheme is disclosed in the director's report.

The Responsible Entity, Burrell Securities Limited (ABN 92 083 535 031), is an unlisted public company incorporated under the Corporations Act 2001, and holds an Australian Financial Services License.

The Scheme was registered on 2 July 2014 and issued a product Disclosure Statement on 9 December 2014 in order to raise funds from retail investors.

The Financial Statements were authorised for issue on 7 September 2022 by the Directors of the Responsible Entity.

**Note 2. Significant accounting policies**

The principal accounting policies adopted in the preparation of the financial statements are set out below. These policies have been consistently applied to all the years presented, unless otherwise stated.

**New, revised or amending Accounting Standards and Interpretations adopted**

The scheme has adopted all of the new or amended Accounting Standards and Interpretations issued by the Australian Accounting Standards Board ('AASB') that are mandatory for the current reporting period.

Any new, revised or amending Accounting Standards or Interpretations that are not yet mandatory have not been early adopted.

The adoption of these Accounting Standards and Interpretations did not have any significant impact on the financial performance or position of the scheme.

**Basis of preparation**

These general purpose financial statements have been prepared in accordance with Australian Accounting Standards and Interpretations issued by the Australian Accounting Standards Board ('AASB') and the Corporations Act 2001, as appropriate for for-profit oriented entities. These financial statements also comply with International Financial Reporting Standards ("IFRS") as issued by the International Accounting Standards Board ('IASB').

*Historical cost convention*

The financial statements have been prepared under the historical cost convention, except for, where applicable, the revaluation of financial assets and liabilities at fair value through profit or loss and financial assets at fair value through other comprehensive income.

*Critical accounting estimates*

The preparation of the financial statements requires the use of certain critical accounting estimates. It also requires management to exercise its judgement in the process of applying the Scheme's accounting policies. The areas involving a higher degree of judgement or complexity, or areas where assumptions and estimates are significant to the financial statements, are disclosed in note 3.

**Revenue recognition**

Revenue is recognised at an amount that reflects the consideration to which the scheme is expected to be entitled in exchange for transferring goods or services to a customer.

Revenue from passive dividends and interest is recognised as it is received. Revenue from trust income is recognised when it is declared and is due and receivable.

Revenue from the sale of investments is recognised from the date of contract, and is the difference between the sale price, less selling costs, and the purchase price, or if revalued, the revalued amount.

**Note 2. Significant accounting policies (continued)**

**Income tax**

Under current income tax legislation, the Scheme is not liable to pay income tax as the net income of the Scheme is assessable in the hands of the beneficiaries (the unit holders) who are 'presently entitled' to the income of the Scheme. There is no income to which the unit holders are not presently entitled.

As a result, deferred taxes have not been recognised in the financial statements in relation to differences between the carrying amounts of assets and liabilities and their relative tax bases, including taxes on capital gains which arise in the event of a sale of investments for the amount at which they are stated in the financial statements. In the event that taxable gains are realised by the Scheme, these gains are added to taxable income that is assessable in the hands of the unit holders as noted above.

Realised capital losses are not distributable to unit holders but are retained within the Scheme to be offset against any future realised capital gains. The benefit of carried forward capital losses are also not recognised in the financial statements. If in any period realised capital gains exceed capital losses, including those carried forward from earlier periods and eligible for offset, the excess is included in taxable income that is assessable in the hands of the unit holders in that period as is distributed to unit holders in accordance with the requirements of the Scheme Constitution.

**Cash and cash equivalents**

Cash and cash equivalents includes cash on hand, deposits held at call with financial institutions, other short-term, highly liquid investments with original maturities of three months or less that are readily convertible to known amounts of cash and which are subject to an insignificant risk of changes in value.

**Trade and other receivables**

Trade receivables are initially recognised at fair value and subsequently measured at amortised cost using the effective interest method, less any provision for impairment. Trade receivables are generally due for settlement within 30 days.

The scheme has applied the simplified approach to measuring expected credit losses, which uses a lifetime expected loss allowance.

Other receivables are recognised at amortised cost, less any provision for impairment.

**Derivative financial instruments**

Derivatives are initially recognised at fair value on the date a derivative contract is entered into and are subsequently remeasured to their fair value at each reporting date. The accounting for subsequent changes in fair value depends on whether the derivative is designated as a hedging instrument, and if so, the nature of the item being hedged.

Derivatives are classified as current or non-current depending on the expected period of realisation.

**Investments and other financial assets**

Investments and other financial assets are initially measured at fair value. Transaction costs are included as part of the initial measurement, except for financial assets at fair value through profit or loss. Such assets are subsequently measured at either amortised cost or fair value depending on their classification. Classification is determined based on both the business model within which such assets are held and the contractual cash flow characteristics of the financial asset unless an accounting mismatch is being avoided.

Financial assets are derecognised when the rights to receive cash flows have expired or have been transferred and the scheme has transferred substantially all the risks and rewards of ownership. When there is no reasonable expectation of recovering part or all of a financial asset, its carrying value is written off.

**Note 2. Significant accounting policies (continued)**

*Financial assets at fair value through profit or loss*

Financial assets not measured at amortised cost or at fair value through other comprehensive income are classified as financial assets at fair value through profit or loss. Typically, such financial assets will be either: (i) held for trading, where they are acquired for the purpose of selling in the short-term with an intention of making a profit, or a derivative; or (ii) designated as such upon initial recognition where permitted. Fair value movements are recognised in profit or loss.

*Financial assets at fair value through other comprehensive income*

Financial assets at fair value through other comprehensive income include equity investments which the scheme intends to hold for the foreseeable future and has irrevocably elected to classify them as such upon initial recognition.

*Impairment of financial assets*

The scheme recognises a loss allowance for expected credit losses on financial assets which are either measured at amortised cost or fair value through other comprehensive income. The measurement of the loss allowance depends upon the scheme's assessment at the end of each reporting period as to whether the financial instrument's credit risk has increased significantly since initial recognition, based on reasonable and supportable information that is available, without undue cost or effort to obtain.

Where there has not been a significant increase in exposure to credit risk since initial recognition, a 12-month expected credit loss allowance is estimated. This represents a portion of the asset's lifetime expected credit losses that is attributable to a default event that is possible within the next 12 months. Where a financial asset has become credit impaired or where it is determined that credit risk has increased significantly, the loss allowance is based on the asset's lifetime expected credit losses. The amount of expected credit loss recognised is measured on the basis of the probability weighted present value of anticipated cash shortfalls over the life of the instrument discounted at the original effective interest rate.

For financial assets mandatorily measured at fair value through other comprehensive income, the loss allowance is recognised in other comprehensive income with a corresponding expense through profit or loss. In all other cases, the loss allowance reduces the asset's carrying value with a corresponding expense through profit or loss.

**Trade and other payables**

These amounts represent liabilities for goods and services provided to the Scheme prior to the end of the financial year and which are unpaid. Due to their short-term nature they are measured at amortised cost and are not discounted. The amounts are unsecured and are usually paid within 30 days of recognition.

**Provisions**

Provisions are recognised when the scheme has a present (legal or constructive) obligation as a result of a past event, it is probable the scheme will be required to settle the obligation, and a reliable estimate can be made of the amount of the obligation. The amount recognised as a provision is the best estimate of the consideration required to settle the present obligation at the reporting date, taking into account the risks and uncertainties surrounding the obligation. If the time value of money is material, provisions are discounted using a current pre-tax rate specific to the liability. The increase in the provision resulting from the passage of time is recognised as a finance cost.

**Note 2. Significant accounting policies (continued)**

**Fair value measurement**

When an asset or liability, financial or non-financial, is measured at fair value for recognition or disclosure purposes, the fair value is based on the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date; and assumes that the transaction will take place either: in the principal market; or in the absence of a principal market, in the most advantageous market.

Fair value is measured using the assumptions that market participants would use when pricing the asset or liability, assuming they act in their economic best interests. For non-financial assets, the fair value measurement is based on its highest and best use. Valuation techniques that are appropriate in the circumstances and for which sufficient data are available to measure fair value, are used, maximising the use of relevant observable inputs and minimising the use of unobservable inputs.

**Issued capital**

Units are classified as equity.

Incremental costs directly attributable to the issue of new units or options are shown in equity as a deduction, net of tax, from the proceeds.

**Earnings per unit**

*Basic earnings per unit*

Basic earnings per unit is calculated by dividing the profit attributable to the owners of the Scheme, excluding any costs of servicing equity other than ordinary units, by the weighted average number of ordinary units outstanding during the financial year, adjusted for bonus elements in ordinary units issued during the financial year.

*Diluted earnings per unit*

Diluted earnings per unit adjusts the figures used in the determination of basic earnings per unit to take into account the after income tax effect of interest and other financing costs associated with dilutive potential ordinary units and the weighted average number of units assumed to have been issued for no consideration in relation to dilutive potential ordinary units.

**Current and non-current classification**

Assets and liabilities are presented in the statement of financial position based on current and non-current classification.

An asset is classified as current when: it is either expected to be realised or intended to be sold or consumed in the scheme's normal operating cycle; it is held primarily for the purpose of trading; it is expected to be realised within 12 months after the reporting period; or the asset is cash or cash equivalent unless restricted from being exchanged or used to settle a liability for at least 12 months after the reporting period. All other assets are classified as non-current.

A liability is classified as current when: it is either expected to be settled in the scheme's normal operating cycle; it is held primarily for the purpose of trading; it is due to be settled within 12 months after the reporting period; or there is no unconditional right to defer the settlement of the liability for at least 12 months after the reporting period. All other liabilities are classified as non-current.

Deferred tax assets and liabilities are always classified as non-current.

**Goods and Services Tax ('GST') and other similar taxes**

Revenues, expenses and assets are recognised net of the amount of associated GST, unless the GST incurred is not recoverable from the tax authority. In this case it is recognised as part of the cost of the acquisition of the asset or as part of the expense.

Receivables and payables are stated inclusive of the amount of GST receivable or payable. The net amount of GST recoverable from, or payable to, the tax authority is included in other receivables or other payables in the statement of financial position.

Cash flows are presented on a gross basis. The GST components of cash flows arising from investing or financing activities which are recoverable from, or payable to the tax authority, are presented as operating cash flows.

**Note 2. Significant accounting policies (continued)**

**Unitholders' Funds**

Units issued by the Scheme are redeemable at the option of the unitholder ("puttable") at any time after two months for the issue date. As the units satisfy all of the criteria for recognition as puttable financial instruments under paras 16A and 16B of AASB 132: *Financial Instruments: Presentation*, unitholders' funds are classified as equity. Units are measured at their issue price.

**Applications and redemptions of units**

Applications received for units are recorded net of any entry fees payable prior to the issue of the units. Redemptions are recorded after the cancellation of the corresponding redeemed units. The application and redemption prices of units are determined on the basis of the value of the Scheme's net assets on the date of the application or redemption divided by the number of units on issue on that date. A full description of the method used to calculate application and redemption prices of units is provided in the Scheme's Product Disclosure Statement and the Scheme's Constitution. Refer to Note 9 for further discussion of the features of the units.

**New Accounting Standards for Application in Future Periods**

Australian Accounting Standards and Interpretations that have recently been issued or amended but are not yet mandatory, have not been early adopted by the scheme for the annual reporting period ended 30 June 2022. The scheme's assessment of the impact of these new or amended Accounting Standards and Interpretations, most relevant to the scheme, are set out below.

**Note 3. Critical accounting judgements, estimates and assumptions**

The preparation of the financial statements requires management to make judgements, estimates and assumptions that affect the reported amounts in the financial statements. Management continually evaluates its judgements and estimates in relation to assets, liabilities, contingent liabilities, revenue and expenses. Management bases its judgements, estimates and assumptions on historical experience and on other various factors, including expectations of future events, management believes to be reasonable under the circumstances. The resulting accounting judgements and estimates will seldom equal the related actual results. The judgements, estimates and assumptions that have a significant risk of causing a material adjustment to the carrying amounts of assets and liabilities (refer to the respective notes) within the next financial year are discussed below.

**Coronavirus (COVID-19) pandemic**

Judgement has been exercised in considering the impacts that the Coronavirus (COVID-19) pandemic has had, or may have, on the scheme based on known information. This consideration extends to the nature of the products and services offered, customers, supply chain, staffing and geographic regions in which the scheme operates. Other than as addressed in specific notes, there does not currently appear to be either any significant impact upon the financial statements or any significant uncertainties with respect to events or conditions which may impact the scheme unfavourably as at the reporting date or subsequently as a result of the Coronavirus (COVID-19) pandemic.

**Fair value measurement hierarchy**

The scheme is required to classify all assets and liabilities, measured at fair value, using a three level hierarchy, based on the lowest level of input that is significant to the entire fair value measurement, being: Level 1: Quoted prices (unadjusted) in active markets for identical assets or liabilities that the entity can access at the measurement date; Level 2: Inputs other than quoted prices included within Level 1 that are observable for the asset or liability, either directly or indirectly; and Level 3: Unobservable inputs for the asset or liability. Considerable judgement is required to determine what is significant to fair value and therefore which category the asset or liability is placed in can be subjective.

**Burrell Smallcaps Midcaps and Resources Trust**  
**Notes to the financial statements**  
**30 June 2022**

**Note 4. Revenue**

	<b>2022</b>	<b>2021</b>
	<b>\$</b>	<b>\$</b>
Dividends	58,055	31,713
Interest	2,491	208

**Note 13. Financial instruments**

***Financial risk management objectives***

The Scheme's activities expose it to a variety of financial risks: market risk (including price risk and interest rate risk), credit risk and liquidity risk. The Scheme's overall risk management program focuses on the unpredictability of financial markets and seeks to minimise potential adverse effects on the financial performance of the Scheme.

***Market risk***

***Changes in Value***

Market risk is the risk that the fair value or future cash flows of financial instruments will change due to changes in the market value for those instruments. Therefore, the portfolio of investments that make up most of the assets of the Scheme are subject to market risk as their values change as the market changes.

The overall decrease in the value of the investments held at 30th June 2022 over their cost, after allowing for selling costs was \$348 thousand (2021: \$155 thousand - decrease). A fall in the market values across the portfolio of 5% and 10% would reduce equity in the Scheme by approximately \$116 thousand and \$233 thousand respectively.

Market risk cannot be diversified away, but it can be reduced by investing across a broad range of industry sectors and countries. The proportions of the portfolios invested across these two categories are shown in the Directors' Report.

***Price risk***

The Scheme is not exposed to any significant price risk.

***Interest rate risk***

The Scheme is exposed to interest rate risk on its cash holdings, which are generally subject to floating interest rates. The effective weighted average interest rate that applied to cash balances over the financial year was 1.87% (2021: 0.17%).

***Credit risk***

Credit risk refers to the risk that a counterparty will default on its contractual obligations resulting in financial loss to the Scheme. The Scheme minimises credit risk by undertaking transactions with recognised financial intermediaries with acceptable credit ratings determined by a recognised ratings agency.

***Liquidity risk***

Vigilant liquidity risk management requires the Scheme to maintain sufficient liquid assets (mainly cash and cash equivalents) and available borrowing facilities to be able to pay debts as and when they become due and payable.

The Scheme manages liquidity risk by maintaining adequate cash reserves and available borrowing facilities by continuously monitoring actual and forecast cash flows and matching the maturity profiles of financial assets and liabilities.

**Note 14. Fair value measurements**

The Scheme measures and recognises the following assets and liabilities at fair value on a recurring basis after initial recognition:

- financial assets at fair value through other comprehensive income.

The Scheme does not subsequently measure any liabilities at fair value on a non-recurring basis.

**a. Fair Value Hierarchy**

AASB 13: Fair Value Measurement requires the disclosure of fair value information by level of the fair value hierarchy, which categorises fair value measurements into one of three possible levels based on the lowest level that an input that is significant to the measurement can be categorised into as follows:

<b>Level 1</b>	<b>Level 2</b>	<b>Level 3</b>
Measurements based on quoted prices (unadjusted) in active markets for identical assets or liabilities that the entity can access at the measurement date.	Measurements based on inputs other than quoted prices included in Level 1 that are observable for the asset or liability, either directly or indirectly.	Measurements based on unobservable inputs for the asset or liability.

The fair values of assets and liabilities that are not traded in an active market are determined using one or more valuation techniques. These valuation techniques maximise, to the extent possible, the use of observable market data. If all significant inputs required to measure fair value are observable, the asset or liability is included in Level 2. If one or more significant inputs are not based on observable market data, the asset or liability is included in Level 3.

**Valuation techniques**

The scheme selects a valuation technique that is appropriate in the circumstances and for which sufficient data is available to measure fair value. The availability of sufficient and relevant data primarily depends on the specific characteristics of the asset or liability being measured. The valuation techniques selected by the Group are consistent with one or more of the following valuation approaches:

*Market approach:* valuation techniques that use prices and other relevant information generated by market transactions for identical or similar assets or liabilities.

*Income approach:* valuation techniques that convert estimated future cash flows or income and expenses into a single discounted present value.

*Cost approach:* valuation techniques that reflect the current replacement cost of an asset at its current service capacity.

The scheme's financial assets that are measured using a Level 2 valuation comprise unlisted unit trusts. The unit prices used in determining the fair value of the scheme's investment in those trusts is determined based on the fair value of the underlying assets in the trusts that are entirely held in listed securities. The scheme does not have any financial assets at fair value measured at Level 3.

**Burrell Smallcaps Midcaps and Resources Trust**  
**Notes to the financial statements**  
**30 June 2022**

**Note 14. Fair value measurements (continued)**

The following tables provide the fair values of the scheme's assets and liabilities measured and recognised on a recurring basis after initial recognition and their categorisation within the fair value hierarchy:

		<b>30 June 2022</b>			
	<b>Note</b>	<b>Level 1</b>	<b>Level 2</b>	<b>Level 3</b>	<b>Total</b>
		<b>\$</b>	<b>\$</b>	<b>\$</b>	<b>\$</b>

<b>Description</b>	<b>Valuation Technique(s)</b>	<b>Inputs Used</b>	<b>Fair Value at 30 June 2022</b>
<i>Financial assets</i>			
Shares in unlisted entities	Market approach using unit prices determined by underlying fair value of listed assets	Fair value of trust's listed investments	<b>125,547</b>

**Burrell Smallcaps Midcaps and Resources Trust**  
**Notes to the financial statements**  
**30 June 2022**

**Note 15. Distributions to Scheme unit holders**

Under the Scheme Trust Deed, 'income' is defined as the net income of the Trust determined by the Trustee in accordance with generally accepted accounting principles or, if no determination is made, it means 'net income' of the Trust under section 95(1) of the Tax Act.

In accordance with the Trust Deed, the Trustee has, in some prior years, elected to pay distributions to unit holders based on taxable income rather than accounting profit. That is, in some years the distribution payable to unit holders for a financial year may be greater than or less than the accounting net profit for the year. Where a payout is based on taxable income, and it is greater than accounting income, this can result in accumulated losses being carried forward in equity.

**Note 16. Commitments and contingent liabilities**

There are no outstanding commitments for expenditure and Directors of the Responsible Entity are not aware of any contingent liabilities that are likely to have a material effect on the results of the entity as disclosed in these financial statements.

**Note 17. Events after the reporting period**

Waves of COVID-19 infection continue to occur and while it has been financially neutral for the entity up to 30 June 2022, it is not practicable to estimate the potential impact, positive or negative, after the reporting date.

No other matter or circumstance has arisen since 30 June 2022 that has significantly affected, or may significantly affect the Scheme's operations, the results of those operations, or the Scheme's state of affairs in future financial years.

**Note 18. Reconciliation of profit after income tax to cash from/(used in) operating activities**

**Burrell Smallcaps Midcaps and Resources Trust**  
**Trustee's declaration**

In the opinion of the Directors of the Trustee Company:

- the attached financial statements and notes thereto comply with the Corporations Act 2001, the Accounting Standards as described in note 2 to the financial statements, the Corporations Regulations 2001 and other mandatory professional reporting requirements;
- the attached financial statements and notes thereto comply with the International Financial Reporting Standards as issued by the International Accounting Standards Board as described in note 2 to the financial statements;
- the attached financial statements and notes thereto give a true and fair view of the Scheme's financial position as at 30 June 2022 and of its performance for the financial year ended on that date; and
- there are reasonable grounds to believe that the Scheme will be able to pay its debts as and when they become due and payable.

Signed in accordance with a resolution of directors made pursuant to section 295(5)(a) of the Corporations Act 2001.

On behalf of the Directors of the Responsible Entity, Burrell Securities Ltd

# INDEPENDENT AUDITOR'S REPORT TO THE UNITHOLDERS OF BURRELL SMALLCAPS MIDCAPS AND RESOURCES TRUST

## Report on the Financial Report

### Opinion

We have audited the accompanying financial report of Burrell Smallcaps Midcaps and Resources Trust ('the Trust'), which comprises the statement of financial position as at 30 June 2022, the statement of profit or loss and other comprehensive income, the statement of changes in equity and the statement of cash flows for the year then ended, notes comprising a summary of significant accounting policies and other explanatory information, and the Trustee's declaration.

In our opinion the financial report of Burrell Smallcaps Midcaps and Resources Trust, is in accordance with the Corporations Act 2001, including:

- (i) Giving a true and fair view of the Trust's financial position as at 30 June 2022 and of its financial performance for the year then ended; and
- (ii) Complying with Australian Accounting Standards and the *Corporations Regulations 2001*.

### Basis for Opinion

We conducted our audit in accordance with Australian Auditing Standards. Our responsibilities under those standards are further described in the Auditor's Responsibilities for the Audit of the Financial Report section of our report.

We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our opinion.

### Independence

We are independent of the Trust in accordance with the auditor independence requirements of the *Corporations Act 2001* and the ethical requirements of the Accounting Professional and Ethical Standards Board's APES 110 Code of Ethics for Professional Accountants (*including Independence Standards*) (the Code) that are relevant to our audit of the financial report in Australia. We have also fulfilled our other ethical responsibilities in accordance with the Code.

### Trustee' Responsibilities for the Financial Report

The Trustee is responsible for the preparation of the financial report that gives a true and fair view in accordance with Australian Accounting Standards and the *Corporations Act 2001* and for such internal control as the Trustee determines is necessary to enable the preparation of the financial report that gives a true and fair view and is free from material misstatement, whether due to fraud or error. In Note 2, the Trustee also states, in accordance with Australian Accounting Standard AASB 101 Presentation of Financial Statements, that the financial report complies with International Financial Reporting Standards.

In preparing the financial report, the Trustee is responsible for assessing the Trust's ability to continue as a going concern, disclosing, as applicable, matters related to going concern and using a going concern basis of accounting unless the Trustee either intend to liquidate the Trust or to cease operations, or have no realistic alternative but to do so.

## Auditor's Responsibilities for the Audit of the Financial Report

Our responsibility is to express an opinion on the financial report based on our audit. Our objectives are to obtain reasonable assurance about whether the financial report as a whole is free from material misstatement, whether due to fraud or error, and to issue an auditor's report that includes our opinion. Reasonable assurance is a high level of assurance, but is not a guarantee that an audit conducted in accordance with Australian Auditing Standards will always detect a material misstatement when it exists. Misstatements can arise from fraud or error and are considered material if, individual or in aggregate, they could reasonably be expected to influence the economic decisions of users taken on the basis of this financial report.

A further description of our responsibilities for the audit of the financial report is located at the Auditing and Assurance Standards Board website at: <http://www.auasb.gov.au/Home.aspx>. This description forms part of our auditor's report.
